BioSketch

Christina Gleason, RN, BS is a Registered Nurse Care Consultant in the Health Supports Network with the Office of Integrated Health at the Department of Behavioral Health and Developmental Services. She is responsible for working with individuals, families, and community-based stake holders to provide health supports with individuals with intellectual and developmental disabilities statewide.

Christina holds her Bachelor of Science in Nursing degree from Virginia Commonwealth University. She is currently pursuing her Doctorate of Nursing Practice with a focus on Inter-professional Collaboration and Public Health.

Christina's passion in nursing is public health specifically health education. She worked as a public school nurse where she saw firsthand the need for health support and advocacy in the community. Additionally she spent four years as Nursing Faculty and Simulation Lab Coordinator for ECPI University where she dedicated herself to her students and was awarded Faculty of the Year. Christina specialized in simulation in nursing education and enjoyed bringing the lab to life to enhance learning for her nursing students. Additionally, she is a member of the National School Nurses Association along with the American Nurses Association.

Christina is excited to further her nursing career in the realm of Behavioral Health and advocacy. In her spare time, Christina enjoys spending time with her family, traveling to new places, and is always ready for an adventure!
