FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

1. Contract Purpose

- a. Title 37.2 of the Code of Virginia establishes the Virginia Department of Behavioral Health and Developmental Services, hereafter referred to as the Department, to support delivery of publicly funded community mental health, developmental, and substance abuse services and supports and authorizes the Department to fund those services.
- b. Sections 37.2-500 through 37.2-512 of the Code of Virginia require cities and counties to establish community services boards for the purpose of providing local public mental health, developmental, and substance abuse services; §§ 37.2-600 through 37.2-615 authorize certain cities or counties to establish behavioral health authorities that plan and provide those same local public services. In this contract, the community services board, local government department with a policy-advisory community services board, or behavioral health authority named in section 11 will be referred to as the CSB. Section 37.2-500 or 37.2-601 of the Code of Virginia requires the CSB to function as the single point of entry into publicly funded mental health, developmental, and substance abuse services. The CSB fulfills this function for any person who is located in the CSB's service area and needs mental health, developmental, or substance abuse services.
- c. Sections 37.2-508 and 37.2-608 of the Code of Virginia and State Board Policy 4018 establish this contract as the primary accountability and funding mechanism between the Department and the CSB, and the CSB is applying for the assistance provided under Chapter 5 or 6 of Title 37.2 by submitting this performance contract to the Department.
- d. The CSB Administrative Requirements document is incorporated into and made a part of this contract by reference and includes or incorporates by reference ongoing statutory, regulatory, policy, and other requirements that are not contained in this contract. If there is a conflict between provisions in the CSB Administrative Requirements document and in this contract, the language in this contract shall prevail. The CSB Administrative Requirements document is available at www.dbhds.virginia.gov/OCC-default.htm.
- e. The Department and the CSB enter into this contract for the purpose of funding services provided directly or contractually by the CSB in a manner that ensures accountability to the Department and quality of care for individuals receiving services and implements the mission of supporting individuals by promoting recovery, self-determination, and wellness in all aspects of life. The CSB and the Department agree as follows.

2. Relationship: The Department functions as the state authority for the public mental health, developmental, and substance abuse services system, and the CSB functions as the local authority for that system. The relationship between and the roles and responsibilities of the Department and the CSB are described in the Partnership Agreement between the parties, which is incorporated into and made a part of this contract by reference. The Agreement is available at www.dbhds.virginia.gov/OCC-default.htm. This contract shall not be construed to establish any employer-employee or principal-agent relationship between employees of the CSB or its board of directors and the Department.

3. Contract Term: This contract shall be in effect for a term of two years, commencing on July 1, 2014 and ending on June 30, 2016, if by mutual agreement of both parties pursuant to the provisions of § 37.2-508 of the Code of Virginia it is renewed for an additional fiscal year with the insertion of revised Exhibits A, E, F, G, and H for FY 2016.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

4. Scope of Services

- a. Services:** Exhibit A of this contract includes all mental health, developmental, and substance abuse services provided or contracted by the CSB that are supported by the resources described in section 5 of this contract. Services and certain terms used in this contract are defined in the current Core Services Taxonomy, which is incorporated into and made a part of this contract by reference. It is available at www.dbhds.virginia.gov/OCC-default.htm.

The CSB shall notify the Department before it begins providing a new category or subcategory or stops providing an existing category or subcategory of core services if the service is funded with more than 30 percent of state or federal funds or both. The CSB shall provide sufficient information to the Office of Community Contracting (OCC) in the Department for its review and approval of the change, and the CSB shall receive the Department's approval before implementing the new service or stopping the existing service. Pursuant to 12VAC35-105-60 of the *Rules and Regulations for Licensing Providers by the Department of Behavioral Health and Developmental Services*, the CSB shall not modify a licensed service without submitting a modification notice to the Office of Licensing in the Department at least 45 days in advance of the proposed modification.

The CSB operating a residential crisis stabilization program shall not increase or decrease the licensed number of beds in the program or close the program temporarily or permanently without informing the Office of Licensing and the OCC and receiving the Department's approval prior to implementing the change. A residential crisis stabilization program shall accept any appropriate individuals under temporary detention orders (TDOs) and establish clinical criteria specifying the types of individuals under TDOs that it will accept. The CSB shall attach a copy of the criteria to the contract for the Department's review and approval.

- b. Expenses for Services:** The CSB shall provide those services funded within the funds and for the expenses set forth in Exhibit A and documented in the CSB's financial management system. The CSB shall distribute its administrative and management expenses across the three program areas (mental health, developmental, and substance abuse services), emergency services, and ancillary services on a basis that is auditable and satisfies Generally Accepted Accounting Principles. CSB administrative and management expenses shall be reasonable and subject to review by the Department.
- c. Continuity of Care:** The CSB shall follow the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements. The CSB shall comply with regional emergency services protocols.
- 1.) Coordination of Intellectual Disability Waiver Services:** The CSB shall provide case management services to all individuals who are receiving services under the Medicaid Intellectual Disability Home and Community-Based Waiver (ID Waiver). In its capacity as the case manager for these individuals and in order to receive payment for services from the Department of Medical Assistance Services (DMAS), the CSB shall develop individual service authorization requests (ISARs) for Waiver services and submit them to the Department for preauthorization, pursuant to the current DMAS/Department Interagency Agreement, under which the Department preauthorizes ISARs as a delegated function from the DMAS. As part of its specific case management responsibilities for individuals receiving ID Waiver services, the CSB shall coordinate and monitor the delivery of all services to individuals it serves, including monitoring the receipt of services in an individual's ISAR that are delivered by independent providers who are reimbursed directly by the DMAS, to the extent that the CSB is not prohibited

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

from doing so by such providers (refer to the DMAS *Intellectual Disability Community Services Manual*). The CSB may raise issues regarding its efforts to coordinate and monitor services provided by independent vendors to the applicable funding or licensing authority, such as the Department, DMAS, or Virginia Department of Social Services.

In fulfilling this service coordination responsibility, the CSB shall not restrict or seek to influence an individual's choice among qualified service providers. This prohibition is not intended to restrict the ability of CSB case managers to make recommendations based on their professional judgment to individuals regarding those available service options that best meet the terms of the individuals' ISPs and allow for the most effective coordination of services. This section does not, nor shall it be construed to, make the CSB legally liable for the actions of independent providers of ID Waiver services.

- 2.) Linkages with Health Care:** When it arranges for the care and treatment of individuals in hospitals, inpatient psychiatric facilities, or psychiatric units of hospitals, the CSB shall assure its staff's cooperation with those hospitals, inpatient psychiatric facilities, or psychiatric units of hospitals, especially emergency rooms and emergency room physicians, in order to promote continuity of care for those individuals. Pursuant to subdivision A.4 of § 37.2-505, the CSB shall provide information about its substance abuse services for minors to all hospitals in its service area that are licensed pursuant to Article 1 of Chapter 5 of Title 32.1 using a template provided by the Department.
- 3.) Medical Screening and Medical Assessment:** When it arranges for the treatment of individuals in state hospitals or local inpatient psychiatric facilities or psychiatric units of hospitals, the CSB shall assure that its staff follows the *Medical Screening and Medical Assessment Guidance*, Second Edition, effective on April 1, 2014. The CSB staff shall coordinate care with emergency rooms, emergency room physicians, and other health and behavioral health providers to ensure the provision of timely and effective medical screening and medical assessment to promote the health and safety of and continuity of care for individuals receiving services.
- 4.) Coordination with Local Psychiatric Hospitals:** When the CSB performed the preadmission screening and when referral to the CSB is likely upon the discharge of an individual admitted involuntarily, the CSB shall coordinate or, if it pays for the service, approve an individual's admission to and continued stay in a psychiatric unit or hospital and collaborate with that unit or hospital to assure appropriate treatment and discharge planning to the least restrictive setting and to avoid the use of these facilities when the service is no longer needed.
- 5.) Targeted Case Management Services:** In accordance with the Community Mental Health Rehabilitative Services manual and the ID Community Services manual issued by the DMAS, the CSB shall be the only provider of rehabilitative mental health case management and targeted ID case management services.
- 6.) Access to Services:** The CSB shall not require an individual to receive case management services in order to receive other services that it provides, directly or contractually, unless it is permitted to do so by applicable regulations or the person is an adult with a serious mental illness, a child with or at risk of serious emotional disturbance, or an individual with an intellectual disability or a substance use disorder, the person is receiving more than one other service from the CSB, or a licensed clinician employed or contracted by the CSB determines that case management services are clinically necessary for that individual. Federal Medicaid targeted case management regulations forbid using case management to restrict access to other services by

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

Medicaid recipients or compelling Medicaid recipients to receive case management if they are receiving another service.

There are legitimate reasons for denying services to an individual, including lack of available capacity in a service, the service not being offered by the CSB, the service not being clinically appropriate for the individual, or the individual not meeting the service's admission criteria. However, the CSB shall not establish or implement policies that deny or limit access to services funded in part by state or local matching funds or federal block grant funds only because an individual: a.) is not able to pay for services, b.) is not enrolled in Medicaid, or c.) is involved in the criminal justice system.

- 7.) PACT Criteria:** If the CSB receives state or federal funds for a Program of Assertive Community Treatment (PACT), it shall:
 - a.) Prioritize providing services to individuals with serious mental illnesses who are frequent recipients of inpatient services or are homeless;
 - b.) Achieve and maintain a caseload of 80 individuals receiving services after two years from the date of initial funding by the Department; and
 - c.) Participate in technical assistance recommended by the Department.
- 8.) Virginia Psychiatric Bed Registry:** The CSB shall participate in and utilize the Virginia Psychiatric Bed Registry required by § 37.2-308.1 of the Code of Virginia to access local or state hospital psychiatric beds or residential crisis stabilization beds to comply with requirements in § 37.2-809 of the Code that govern the temporary detention process. If the CSB operates residential crisis stabilization services, it shall provide information about bed availability to the registry in real time.
- 9.) Preadmission Screening:** The CSB shall provide preadmission screening services pursuant to § 37.2-505 or § 37.2-606, § 37.2-805, § 37.2-809 through § 37.2-813, § 37.2-814, and § 16.1-335 et seq. of the Code of Virginia and in accordance with the Continuity of Care Procedures in Appendix A of the CSB Administrative Requirements for any person who is located in the CSB's service area and may need admission for involuntary psychiatric treatment. The CSB shall ensure that persons it designates as preadmission screening evaluators meet the qualifications established by the Department and have received required training provided by the Department.
- 10.) Discharge Planning:** The CSB shall provide discharge planning pursuant to § 37.2-505 or § 37.2-606 of the Code of Virginia and in accordance with State Board Policies 1035 and 1036, the Continuity of Care Procedures, and the current *Discharge Protocols for Community Services Boards and State Hospitals* and the *Training Center - Community Services Board Admission and Discharge Protocols for Individuals with Intellectual Disabilities* issued by the Department that are incorporated into and made a part of this contract by reference. The protocols are available on the Department's web site. The CSB shall monitor the state hospital extraordinary barriers to discharge list and strive to achieve community placements for individuals on the list for whom it is the case management CSB as soon as possible.
- 11.) Developmental Disabilities Information and Referral:** The CSB shall provide consistent, reliable, timely, and accurate information to the extent that it is available to the CSB about and referral to the full range of available and appropriate services and supports for individuals with developmental disabilities other than intellectual disability and their family members who are seeking services and supports.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- d. Populations Served:** The CSB shall provide needed services to adults with serious mental illnesses, children with or at risk of serious emotional disturbance, and individuals with intellectual disability or substance use disorder to the greatest extent possible within the resources available to it for this purpose. These populations are defined in the current Core Services Taxonomy.
- e. Department of Justice Settlement Agreement Requirements:** The CSB agrees to comply with the following requirements in the Settlement Agreement for Civil Action No: 3:12cv00059-JAG between the U.S. Department of Justice and the Commonwealth of Virginia, entered in the U. S. District Court for the Eastern District of Virginia on August 23, 2012 [section IX.A, p. 36]. Sections identified in text or brackets refer to sections in the Agreement. Requirements apply to the target population in section III.B: individuals with intellectual or developmental disabilities who currently (i) reside in training centers, (ii) meet criteria for the ID or DD Waiver waiting list, (iii) reside in a nursing home or an ICF, or (iv) receive Medicaid Home and Community-Based ID or DD Waiver services.
- 1.) Case management services, defined in section III.C.5.b, shall be provided to all individuals receiving Medicaid Home and Community-Based Waiver services under the Agreement by case managers who are not directly providing or supervising the provision of Waiver services to those individuals [section III.C.5.c, p. 8].
 - 2.) For individuals receiving case management services pursuant to the Agreement, the individual's case manager shall meet with the individual face-to-face on a regular basis and shall conduct regular visits to the individual's residence, as dictated by the individual's needs [section V.F.1, page 26]. At these face-to-face meetings, the case manager shall: observe the individual and the individual's environment to assess for previously unidentified risks, injuries, needs, or other changes in status; assess the status of previously identified risks, injuries, needs, or other changes in status; assess whether the individual's support plan is being implemented appropriately and remains appropriate for the individual; and ascertain whether supports and services are being implemented consistent with the individual's strengths and preferences and in the most integrated setting appropriate to the individual's needs. If any of these observations or assessments identifies an unidentified or inadequately addressed risk, injury, need, or change in status, a deficiency in the individual's support plan or its implementation; or a discrepancy between the implementation of supports and services and the individual's strengths and preferences, then the case manager shall document the issue, convene the individual's service planning team to address it, and document its resolution.
 - 3.) Using a process developed jointly by the Department and VACSB Data Management Committee, within 12 months of the effective date of the Agreement, the CSB shall report the number, type, and frequency of case manager contacts with individuals receiving case management services [section V.F.4, p. 27].
 - 4.) Within 24 months, the CSB shall report key indicators, selected from relevant domains in section V.D.3 on page 24, from the case manager's face-to-face visits and observations and assessments [section V.F.5, p 27].
 - 5.) Within 12 months of the effective date of the Agreement, the individual's case manager shall meet with the individual face-to-face at least every 30 days, and at least one such visit every two months must be in the individual's place of residence, for any individuals who [section V.F.3, pages 26 and 27]:
 - a.) Receive services from providers having conditional or provisional licenses;

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- b.) Have more intensive behavioral or medical needs as defined by the Supports Intensity Scale category representing the highest level of risk to individuals¹;
- c.) Have an interruption of service greater than 30 days;
- d.) Encounter the crisis system for a serious crisis or for multiple less serious crises within a three-month period;
- e.) Have transitioned from a training center within the previous 12 months; or
- f.) Reside in congregate settings of five or more individuals.

Refer to Enhanced Case Management Criteria Instructions and Guidance available at <http://www.dbhds.virginia.gov/settlement/Guidance%20Enhanced%20Case%20Management%20Criteria%2004252014.pdf> for additional information.

- 6.) Case managers shall give individuals a choice of service providers from which the individual may receive approved Waiver services and shall present practicable options of service providers based on the preferences of the individual, including both CSB and non-CSB providers [section III.C.5.c, p. 8].
- 7.) Case managers shall offer education about less restrictive community options at least annually to any individuals living outside of their own or their families' homes and, if relevant, to their authorized representatives or guardians [sec. III.D.7, p. 14].
- 8.) CSB emergency services shall be available 24 hours per day and seven days per week, staffed with clinical professionals who shall be able to assess crises by phone and assist callers in identifying and connecting with local services, and, where necessary, to dispatch at least one mobile crisis team member adequately trained to address the crisis [section III.C.6.b.i.A, p. 9]. This requirement shall be met through the regional REACH program that is staffed 24 hours per day and seven days per week by qualified persons able to assess and assist individuals and their families during crisis situations and has mobile crisis teams to address crisis situations and offer services and support on site to individuals and their families within one hour in urban areas and two hours in rural areas as measured by the average annual response time [section III.C.6.b.ii, pages 9 and 10]. Emergency services staff shall receive consistent training from the Department on the REACH crisis response system.
- 9.) Comply with State Board Policy 1044 (SYS) 12-1 Employment First [section III.C.7.b, p. 11]. This policy supports identifying community-based employment in integrated work settings as the first and priority service option offered by case managers and support coordinators to individuals receiving day support or employment services.
- 10.) CSB case managers shall liaison with the Department's regional Community Resource Consultants in their regions [section III.E.1, p. 14].
- 11.) Case managers shall participate in discharge planning with individuals' personal support teams (PSTs) for individuals in training centers for whom the CSB is the case management CSB, pursuant to § 37.2-505 and § 37.2-837 of the Code of Virginia that requires the CSB to develop discharge plans in collaboration with training centers [section IV.B.6, p. 16].
- 12.) In developing discharge plans, CSB case managers, in collaboration with PSTs, shall provide to individuals and, where applicable, their authorized representatives, specific options for types of community placements, services, and supports based on the discharge plan and the opportunity to discuss and meaningfully consider these options [section IV.B.9, p. 17].

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- 13.) CSB case managers and PSTs shall coordinate with specific types of community providers identified in discharge plans as providing appropriate community-based services for individuals to provide individuals, their families, and, where applicable, their authorized representatives with opportunities to speak with those providers, visit community placements (including, where feasible, for overnight visits) and programs, and facilitate conversations and meetings with individuals currently living in the community and their families before being asked to make choices regarding options [section IV.B.9.b, p. 17].
- 14.) CSB case managers and PSTs shall assist individuals and, where applicable, their authorized representatives in choosing providers after providing the opportunities described in subsection 13 above and ensure that providers are timely identified and engaged in preparing for individuals' transitions [section IV.B.9.c, p.17].
- 15.) Case managers shall provide information to the Department about barriers to discharge for aggregation and analysis by the Department for ongoing quality improvement, discharge planning, and development of community-based services [IV.B.14, p. 19].
- 16.) In coordination with the Department's Post Move Monitor, the CSB shall conduct post-move monitoring visits within 30, 60, and 90 days following an individual's movement from a training center to a community setting [section IV.C.3, p.19].
- 17.) If it provides day support or residential services to individuals in the target population, the CSB shall implement risk management processes, including establishment of uniform risk triggers and thresholds that enable it to adequately address harms and risks of harms, including any physical injury, whether caused by abuse, neglect, or accidental causes [section V.C.1, p. 22].
- 18.) Using the protocol and real-time, web-based incident reporting system implemented by the Department, the CSB shall report any suspected or alleged incidents of abuse or neglect as defined in § 37.2-100 of the Code of Virginia, serious injuries as defined in 12 VAC 35-115-30, or deaths to the Department [section V.C.2, p. 22].
- 19.) Participate with the Department to collect and analyze reliable data about individuals receiving services under this Agreement from each of the following areas:
 - a.) safety and freedom from harm,
 - b.) physical, mental, and behavioral health and well being,
 - c.) avoiding crises,
 - d.) stability,
 - e.) choice and self-determination,
 - f.) community inclusion,
 - g.) access to services,
 - h.) provider capacity[section V.D.3, pgs. 24 & 25].
- 20.) Participate in the regional quality council established by the Department that is responsible for assessing relevant data, identifying trends, and recommending responsive actions in its region [section V.D.5.a, p. 25].
- 21.) Provide access to and assist the Independent Reviewer to assess compliance with this Agreement. The Independent Reviewer shall exercise his access in a manner that is reasonable and not unduly burdensome to the operation of the CSB and that has minimal impact on programs or services being provided to individuals receiving services under the Agreement [section VI.H, p. 30 and 31].
- 22.) Participate with the Department and its third party vendor in the implementation of Quality Service Reviews by reviewing, correcting, and providing individual and authorized representative contact information and background information to the vendor

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

for the sample of individuals receiving ID or day support (DS) waiver services under the Agreement selected to participate in the annual National Core Indicators (NCI) individual survey; providing information needed by the vendor to send annual NCI family surveys to families of individuals receiving services under the Agreement; and completing the web-based annual NCI provider survey [section V.I, p. 28].

The Department encourages the CSB to provide the Independent Reviewer with access to its services and records and to individuals receiving services from the CSB; however, access shall be at the sole discretion of the CSB [section VI.G, p. 31].

f. Emergency Services Availability: The CSB shall operate an emergency services telephone line that is available to the public 24 hours per day and seven days per week throughout its service area. The line shall provide immediate access to a qualified emergency services staff member directly or through a roll over to qualified on-call staff. The phone number shall be widely disseminated throughout the service area, including local telephone books, appropriate local government and public service web sites, and the CSB's web site. Referring callers to 911, an answering service with no immediate transfer to CSB on-call staff, or the local sheriff's phone number does not comply with this requirement.

g. Emergency Evaluations

- 1.) The purpose of emergency evaluations is to determine whether the person meets the criteria for temporary detention pursuant to § 37.2-809 of the Code of Virginia and to assess the need for hospitalization or treatment. The evaluations shall be performed by certified preadmission screening evaluators. Emergency evaluations are highly variable and individualized crisis assessments with clinical requirements that will vary based on the nature of the clinical presentation. However, the CSB shall ensure that all emergency evaluations conducted by its staff include at a minimum:
 - a.) A review of past clinical and treatment information if available;
 - b.) Pertinent information from the clinical interview and collateral contacts or documentation of why this information was unavailable at the time of the evaluation;
 - c.) A documented risk assessment that includes an evaluation of the likelihood that, as a result of mental illness, the person will, in the near future, cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any;
 - d.) Thorough and detailed documentation of the clinical disposition and the rationale for it;
 - e.) Documentation of all hospitals contacted, including state hospitals; and
 - f.) Documentation of contact with the staff's supervisor and CSB leadership about the evaluation when necessary and documentation of mandatory notification of CSB and Department leadership within 60 minutes of an ECO expiring without locating an appropriate bed.
- 2.) If the CSB uses an emergency evaluation as the preadmission screening report that is required by § 37.2-816 of the Code of Virginia, the emergency evaluation also shall comply with requirements in that section; it shall state:
 - a.) whether the person has a mental illness, and whether there exists a substantial likelihood that, as a result of mental illness, the person will, in the near future,
 - (i) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm and other relevant information, if any, or

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- (ii) suffer serious harm due to his lack of capacity to protect himself from harm or provide for his basic human needs;
 - b.) whether the person is in need of involuntary inpatient treatment;
 - c.) whether there is no less restrictive alternative to inpatient treatment; and
 - d.) the recommendations for that person's placement, care, and treatment including, where appropriate, recommendations for mandatory outpatient treatment.
- 5. Resources:** Exhibit A of this contract includes the following resources: state funds and federal funds appropriated by the General Assembly and allocated by the Department to the CSB; balances of unexpended or unencumbered state and federal funds retained by the CSB and used in this contract to support services; local matching funds required by § 37.2-509 or § 37.2-611 of the Code of Virginia to receive allocations of state funds; Medicaid Clinic, Targeted Case Management, Rehabilitative Services, Habilitation Services, and Intellectual Disability Home and Community-Based Waiver payments and any other fees, as required by § 37.2-504 or § 37.2-605 of the Code of Virginia; and any other funds associated with or generated by the services shown in Exhibit A. The CSB shall maximize billing and collecting Medicaid payments and other fees in all covered services to enable more efficient and effective use of the state and federal funds allocated to it.
 - a. Allocations of State General and Federal Funds:** The Department shall inform the CSB of its state and federal fund allocations in a letter of notification. The Department may adjust allocation amounts during the term of this contract. The Department may reduce restricted or earmarked state or federal funds during the contract term if the CSB reduces significantly or stops providing services supported by those funds as documented in Community Consumer Submission (CCS) or Community Automated Reporting System (CARS) reports. These reductions shall not be subject to provisions in sections 9.c or 9.f of this contract. The Commissioner or his designee shall communicate all adjustments to the CSB in writing. Allocations of state and federal funds shall be based on state and federal statutory and regulatory requirements, provisions of the Appropriation Act, State Board policies, and previous allocation amounts.
 - b. Disbursement of State or Federal Funds:** Continued disbursement of semi-monthly payments of restricted or earmarked state or federal funds by the Department to the CSB may be contingent on documentation in the CSB's CCS and CARS reports that it is providing the services supported by these funds.
 - c. Conditions on the Use of Resources:** The Department can attach specific conditions or requirements for use of funds, separate from those established by other authorities, only to the state and federal funds that it allocates to the CSB and the 10 percent local matching funds that are required to obtain the CSB's state fund allocations.
- 6. CSB Responsibilities**
 - a. State Hospital Bed Utilization:** In accordance with § 37.2-508 or § 37.2-608 of the Code of Virginia, the CSB shall develop jointly with the Department and with input from private providers involved with the public mental health, developmental, and substance abuse services system mechanisms, such as the Discharge Protocols, Extraordinary Barriers to Discharge lists, and regional utilization management procedures and practices, and employ these mechanisms collaboratively with state hospitals that serve it to manage the utilization of state hospital beds. Utilization will be measured by bed days received by individuals for whom the CSB is the case management CSB.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

The CSB shall implement procedures or utilize existing local or regional protocols to ensure appropriate management of each admission to a state hospital under a civil temporary detention order recommended by the CSB's preadmission screening evaluators to identify the cause of the admission and the actions the CSB may take in the future to identify alternative facilities. The CSB shall provide copies of the procedures and analyses to the Department upon request.

b. Quality of Care

- 1.) Department CSB Performance Measures:** CSB staff shall monitor the CSB's outcome and performance measures in Exhibit B, identify and implement actions to improve its ranking on any measure on which it is below the benchmark, and present reports on the measures and actions at least quarterly during scheduled meetings of the CSB board of directors.
- 2.) If the CSB's participation in a regional program, as defined in the Regional Program Principles and the Regional Program Procedures in Appendices E and F of the current Core Services Taxonomy, causes it to be out of compliance with the 10 percent local matching funds requirement in § 37.2-509 of the Code of Virginia, the Department shall grant an automatic waiver of that requirement, related to the funds for that regional program, as authorized by that Code section and State Board Policy 4010.
- h. Peer Review Process:** The Department shall implement a process in collaboration with volunteer CSBs to ensure that at least five percent of community mental health and substance abuse programs receive independent peer reviews annually, per federal requirements and guidelines, to review the quality and appropriateness of services. The Department shall manage this process to ensure that peer reviewers do not monitor their own programs.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- i. Electronic Health Record:** The Department shall implement and maintain an electronic health record in its central office and state hospitals and training centers that has been fully certified and is listed by the Office of the National Coordinator for Health Information Technology - Authorized Testing and Certification Body to improve the quality and accessibility of services, streamline and reduce duplicate reporting and documentation requirements, obtain reimbursement for services, and exchange data with CSBs.
 - j. Reviews:** The Department shall review and take appropriate action on audits submitted by the CSB in accordance with the provisions of this contract and the CSB Administrative Requirements. The Department shall conduct a periodic, comprehensive administrative and programmatic review of the CSB to evaluate the CSB's compliance with requirements in the contract and CSB Administrative Requirements and the CSB's performance. The Department shall present a report of the review to the CSB and monitor the CSB's implementation of any recommendations in the report.
- 8. Subcontracting:** The CSB may subcontract any requirements in this contract. The CSB shall remain fully and solely responsible and accountable for meeting all of its obligations and duties under this contract, including all services, terms, and conditions, without regard to its subcontracting arrangements. Subcontracting shall comply with applicable statutes, regulations, and guidelines, including the Virginia Public Procurement Act. All subcontracted activities shall be formalized in written contracts between the CSB and subcontractors. The CSB agrees to provide copies of contracts or other documents to the Department on request.

A subcontract means a written agreement between the CSB and another party under which the other party performs any of the CSB's obligations. Subcontracts, unless the context or situation supports a different interpretation or meaning, also may include agreements, memoranda of understanding, purchase orders, contracts, or other similar documents for the purchase of services or goods by the CSB from another organization or agency or a person on behalf of an individual. If the CSB hires an individual not as an employee but as a contractor (e.g., a part-time psychiatrist) to work in its programs, this does not constitute subcontracting under this section. CSB payments for rent or room and board in a non-licensed facility (e.g., rent subsidies or a hotel room) do not constitute subcontracting under this section, and the provisions of this section, except for compliance with the Human Rights regulations, do not apply to the purchase of a service for one individual.

- a. Subcontracts:** The written subcontract shall, as applicable and at a minimum, state the activities to be performed, the time schedule and duration, the policies and requirements, including data reporting, applicable to the subcontractor, the maximum amount of money for which the CSB may become obligated, and the manner in which the subcontractor will be compensated, including payment time frames. Subcontracts shall not contain provisions that require a subcontractor to make payments or contributions to the CSB as a condition of doing business with the CSB.
- b. Subcontractor Compliance:** The CSB shall require that its subcontractors comply with the requirements of all applicable federal and state statutes, regulations, policies, and reporting requirements that affect or are applicable to the services included in this contract. The CSB shall require that its subcontractors submit to the CSB all required CCS 3 data on individuals they served and services they delivered in the applicable format so that the CSB can include this data in its CCS 3 submissions to the Department. The CSB shall require that any agency, organization, or person with which it intends to subcontract services that are included in this contract is fully qualified and possesses and maintains current all necessary

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

licenses or certifications from the Department and other applicable regulatory entities before it enters into the subcontract and places individuals in the subcontracted service. The CSB shall require all subcontractors that provide services to individuals and are licensed by the Department to maintain compliance with the Human Rights Regulations adopted by the State Board. The CSB shall, to the greatest extent practicable, require all other subcontractors that provide services purchased by the CSB for individuals and are not licensed by the Department to develop and implement policies and procedures that comply with the CSB's human rights policies and procedures or to allow the CSB to handle allegations of human rights violations on behalf of individuals served by the CSB who are receiving services from such subcontractors. When it funds providers such as family members, neighbors, individuals receiving services, or others to serve individuals, the CSB may comply with these requirements on behalf of those providers, if both parties agree.

- c. Subcontractor Dispute Resolution:** The CSB shall include contract dispute resolution procedures in its contracts with subcontractors.
- d. Quality Improvement Activities:** The CSB shall, to the extent practicable, incorporate specific language in its subcontracts regarding the quality improvement activities of subcontractors. Each vendor that subcontracts with the CSB should have its own quality improvement system in place or participate in the CSB's quality improvement program.

9. Terms and Conditions

- a. Availability of Funds:** The Department and the CSB shall be bound by the provisions of this contract only to the extent of the funds available or that may hereafter become available for the purposes of the contract.
- b. Compliance:** The Department may utilize a variety of remedies, including requiring a corrective action plan, delaying payments, reducing allocations or payments, and terminating the contract, to assure CSB compliance with this contract. Specific remedies, described in Exhibit I of this contract, may be taken if the CSB fails to satisfy the reporting requirements in this contract.
- c. Disputes:** Resolution of disputes arising from Department contract compliance review and performance management efforts or from actions by the CSB related to this contract may be pursued through the dispute resolution process in section 9.f, which may be used to appeal only the following conditions:
 - 1.) reduction or withdrawal of state general or federal funds, unless funds for this activity are withdrawn by action of the General Assembly or federal government, or adjustment of allocations or payments pursuant to section 5 of this contract;
 - 2.) termination or suspension of the contract, unless funding is no longer available;
 - 3.) refusal to negotiate or execute a contract modification;
 - 4.) disputes arising over interpretation or precedence of terms, conditions, or scope of the contract; or
 - 5.) determination that an expenditure is not allowable under this contract.
- d. Termination**
 - 1.) The Department may terminate this contract immediately, in whole or in part, at any time during the contract period if funds for this activity are withdrawn or not appropriated by the General Assembly or are not provided by the federal government.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

In this situation, the obligations of the Department and the CSB under this contract shall cease immediately. The CSB and Department shall make all reasonable efforts to ameliorate any negative consequences or effects of contract termination on individuals receiving services and CSB staff.

- 2.) The CSB may terminate this contract immediately, in whole or in part, at any time during the contract period if funds for this activity are withdrawn or not appropriated by its local government(s) or other funding sources. In this situation, the obligations of the CSB and the Department under this contract shall cease immediately. The CSB and Department shall make all reasonable efforts to ameliorate any negative consequences or effects of contract termination on individuals receiving services and CSB staff.
 - 3.) In accordance with § 37.2-508 or § 37.2-608 of the Code of Virginia, the Department may terminate all or a portion of this contract, after unsuccessful use of the remediation process described in section 9.e and after affording the CSB an adequate opportunity to use the dispute resolution process described in section 9.f of this contract. A written notice specifying the cause shall be delivered to the CSB's board chairperson and executive director at least 75 days prior to the date of actual termination of the contract. In the event of contract termination under these circumstances, only payment for allowable services rendered by the CSB shall be made by the Department.
- e. Remediation Process:** The remediation process mentioned in § 37.2-508 or § 37.2-608 of the Code of Virginia is an informal procedure that shall be used by the Department and the CSB to address a particular situation or condition identified by the Department or the CSB that may, if unresolved, result in termination of the contract, in whole or in part, in accordance with the provisions of section 9.d of this contract. The details of this remediation process shall be developed by the parties and added as an exhibit of this contract. This exhibit shall describe the situation or condition and include the performance measures that shall document a satisfactory resolution of the situation or condition.
- f. Dispute Resolution Process:** Disputes arising from any of the conditions in section 9.c of this contract shall be resolved using the following process.
- 1.) Within 15 days of the CSB's identification or receipt of a disputable action taken by the Department or of the Department's identification or receipt of a disputable action taken by the CSB, the party seeking resolution of the dispute shall submit a written notice to the Department's Director of Community Contracting, stating its desire to use the dispute resolution process. The written notice must describe the condition, nature, and details of the dispute and the relief sought by the party.
 - 2.) The Director of Community Contracting shall review the written notice and determine if the dispute falls within the conditions listed in section 9.c. If it does not, the Director of Community Contracting shall notify the party in writing within seven days of receipt of the written notice that the dispute is not subject to this dispute resolution process. The party may appeal this determination to the Commissioner in writing within seven days of its receipt of the Director's written notification.
 - 3.) If the dispute falls within the conditions listed in section 9.c, the Director of Community Contracting shall notify the party within seven days of receipt of the written notice that a panel will be appointed within 15 days to conduct an administrative hearing.
 - 4.) Within 15 days of notification to the party, a panel of three or five disinterested persons shall be appointed to hear the dispute. The CSB shall appoint one or two members; the Commissioner shall appoint one or two members; and the appointed members shall

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

appoint the third or fifth member. Each panel member will be informed of the nature of the dispute and be required to sign a statement indicating that he has no interest in the dispute. Any person with an interest in the dispute shall be relieved of panel responsibilities and another person shall be selected as a panel member.

- 5.) The Director of Community Contracting will contact the parties by telephone and arrange for a panel hearing at a mutually convenient time, date, and place. The panel hearing shall be scheduled not more than 15 days after the appointment of panel members. Confirmation of the time, date, and place of the hearing will be communicated to all parties at least seven days in advance of the hearing.
 - 6.) The panel members shall elect a chairman and the chairman shall convene the panel. The party requesting the panel hearing shall present evidence first, followed by the presentation of the other party. The burden shall be on the party requesting the panel hearing to establish that the disputed decision or action was incorrect and to present the basis in law, regulation, or policy for its assertion. The panel may hear rebuttal evidence after the initial presentations by the CSB and the Department. The panel may question either party in order to obtain a clear understanding of the facts.
 - 7.) Subject to provisions of the Freedom of Information Act, the panel shall convene in closed session at the end of the hearing and shall issue written recommended findings of fact within seven days of the hearing. The recommended findings of fact shall be submitted to the Commissioner for a final decision.
 - 8.) The findings of fact shall be final and conclusive and shall not be set aside by the Commissioner unless they are (1) fraudulent, arbitrary, or capricious; (2) so grossly erroneous as to imply bad faith; (3) in the case of termination of the contract due to failure to perform, the criteria for performance measurement are found to be erroneous, arbitrary, or capricious; or (4) not within the CSB's purview.
 - 9.) The final decision shall be sent by certified mail to both parties no later than 60 days after receipt of the written notice from the party invoking the dispute resolution process.
 - 10.) Multiple appeal notices shall be handled independently and sequentially so that an initial appeal will not be delayed by a second appeal.
 - 11.) The CSB or the Department may seek judicial review of the final decision to terminate or suspend the contract in the Circuit Court for the City of Richmond within 30 days of receipt of the final decision.
- g. Contract Amendment:** This contract, including all exhibits and incorporated documents, constitutes the entire agreement between the Department and the CSB. The services identified in Exhibit A of this contract may be revised in accordance with the performance contract revision instructions contained in Exhibit E of this contract. Other provisions of this contract may be amended only by mutual agreement of the parties, in writing and signed by the parties hereto.
- h. Liability:** The CSB shall defend or compromise, as appropriate, all claims, suits, actions, or proceedings arising from its performance of this contract. The CSB shall obtain and maintain sufficient liability insurance to cover claims for bodily injury and property damage and suitable administrative or directors and officers liability insurance. These responsibilities may be discharged by means of a proper and sufficient self-insurance program operated by the state or a city or county government. The CSB shall provide a copy of any such policy or program to the Department upon request. This contract is not

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

intended to and does not create by implication or otherwise any basis for any claim or cause of action by a person or entity not a party to this contract arising out of any claimed violation of any provision of this contract, nor does it create any claim or right on behalf of any person to services or benefits from the CSB or the Department.

- i. Constitution of the CSB:** The resolutions or ordinances currently in effect that were enacted by the governing body or bodies of the local government or governments to establish the CSB are consistent with applicable statutory requirements in §§ 37.2-500, 37.2-501, and 37.2-502 or §§ 37.2-601, 37.2-602, and 37.2-603 of the Code of Virginia and accurately reflect the current purpose, roles and responsibilities, local government membership, number and type of CSB board member appointments from each locality, the CSB’s relationship with its local government or governments, and the name of the CSB.
- j. Severability:** Each paragraph and provision of this contract is severable from the entire contract, and the remaining provisions shall nevertheless remain in full force and effect if any provision is declared invalid or unenforceable.

10. Performance Incentives

- a. Excellent Performance:** The CSB agrees to work through the VACSB with the Department to develop a performance incentive mechanism during FY 2015 for implementation in FY 2016 to reward excellent CSB performance using a small amount of state funds from the grants to localities appropriation to make one-time awards to CSBs that exceed established criteria or goals. Examples of criteria or goals may include eliminating waiting lists for substance abuse outpatient services, producing the largest improvement on a performance measure, or achieving the highest percentage on an Exhibit B performance measure.
- b. State Hospital TDO Bed Utilization:** The CSB agrees to work through the VACSB with the Department to analyze CSB TDO bed utilization and develop utilization baselines that will be modeled in FY 2015. The Department may establish and apply fiscal incentives and disincentives to outliers based on those baselines in FY 2016.

11. Signatures: In witness thereof, the Department and the CSB have caused this performance contract to be executed by the following duly authorized officials.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

Exhibit B: Continuous Quality Improvement (CQI) Process and CSB Performance Measures

The Department shall continue to work with CSBs to achieve a welcoming, recovery-oriented, integrated services system, a transformed system for individuals receiving services and their families in which CSBs, state facilities, programs, and services staff, in collaboration with individuals and their families, are becoming more welcoming, recovery-oriented, and co-occurring disorder capable. The process for achieving this goal within limited resources is to build a system-wide CQI process in a partnership among CSBs, the Department, and other stakeholders in which there is a consistent shared vision combined with a measurable and achievable implementation process for each CSB to make progress toward this vision. Appendix E in the CSB Administrative Requirements provides further clarification for those implementation activities, so that each CSB can be successful in designing a performance improvement process at the local level.

Pursuant to Section 7: Accountability in the Community Services Performance Contract Partnership Agreement, the CSB provides the affirmations in Appendix E of the CSB Administrative Requirements of its compliance with the performance expectations and goals in that appendix. If the CSB cannot provide a particular affirmation, it shall attach an explanation to this exhibit with a plan for complying with the identified expectation or goal, including specific actions and target dates. The Department will review this plan and negotiate any changes with the CSB, whereupon, it will be part of this exhibit.

I. Exhibit B Performance Measures

The CSB agrees to monitor and collect data and report on the following Exhibit B performance measures, using the attached Exhibit B Quarterly Performance Measures Report.

- A. The CSB agrees to monitor and report quarterly to the Department on the percentage of individuals referred to the CSB who keep a face-to-face (non-emergency) service visit within seven business days after having been discharged from a state hospital, private psychiatric hospital, or psychiatric unit in a public or private hospital following involvement in the civil involuntary admission process. This includes all individuals referred to the CSB upon discharge from a state hospital, private psychiatric hospital, or psychiatric unit in a public or private hospital who were under a temporary detention or an involuntary commitment order or who were admitted voluntarily from a commitment hearing. The Department agrees to monitor part of this measure through comparing AVATAR data on individuals discharged from state hospitals to the CSB with CCS data about their admission to the mental health program area and dates of service after discharge from the hospital or unit.
- B. The CSB agrees to collect in its two week sample of its emergency services each quarter, the time within which the preadmission screening evaluator is available when an immediate face-to-face intervention by a certified preadmission screening evaluator is appropriate to determine the need for involuntary hospitalization and to monitor achievement of the goal that the evaluator be available within one hour of initial contact for an urban CSB or within two hours for a rural CSB. The CSB agrees to maintain documentation of these samples, including information about circumstances in which this goal is not met, locally for three years and to report a summary and analysis of the information quarterly to the Department.
- C. The CSB agrees to monitor and report quarterly to the Department on the percentage of employment age adults (18-64) in the Department of Justice Settlement Agreement population receiving case management services from the CSB whose case managers discussed integrated, community-based employment with them during their annual case management individualized services and supports plan reviews.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

- D. The CSB agrees to monitor and report quarterly to the Department on the percentage of employment age adults (18-64) in the Department of Justice Settlement Agreement population receiving case management services from the CSB whose individualized services and supports plans included employment-related or employment-readiness goals.

II. Data Quality Feedback

The Department shall provide regular reports to the CSB on the completeness and validity of its CCS 3 individual and service data to improve data quality and integrity. When requested by the Department, the CSB executive director shall develop and submit a plan of correction to remedy persistent deficiencies in the CSB's CCS 3 submissions (e.g., a persistent fatal error rate of more than 10 percent of its CCS consumer records) and, upon approval of the Department, shall implement the plan of correction. Persistent deficiencies that are not resolved through this process shall be addressed with an Individual CSB Performance Measure in Exhibit D. If the CSB fails to satisfy requirements in the Exhibit D by the end of the contract term, the Department may impose a one-time, one percent reduction not to exceed \$15,000 of state funds apportioned for CSB administrative expenses on the CSB. See Exhibit I for more information.

III. CSB Performance Measures: The CSB and Department agree to use the CSB Performance Measures, developed by the Department in collaboration with the VACSB Data Management and Quality Assurance Committees and available on the Department's web site at www.dbhds.virginia.gov, to monitor outcome and performance measures for CSBs and improve the CSB's performance on measures where the CSB falls below the benchmark. These performance measures include, but may not be limited to:

- employment status of adults admitted to the mental health services program area,
- intensity of engagement of individuals receiving mental health case management services,
- intensity of engagement of individuals receiving substance abuse outpatient services,

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

Exhibit C: Discharge Assistance Program (DAP) Requirements

The Department and the CSB agree to implement the following requirements for management and utilization of all current regional state DAP funds to enhance monitoring of and financial accountability for DAP funding, decrease the number of individuals on state hospital extraordinary barriers to discharge lists (EBLs), and return the greatest number of individuals with long lengths of state hospital stays to their communities. These Exhibit C requirements do not apply to new state 2014 DAP funds, which the Department allocates for individualized discharge assistance program plans (IDAPPs) that it approves.

1. The Department shall work with the VACSB, representative CSBs, and regional managers to develop clear and consistent criteria for identification of individuals who would be eligible for IDAPPs and acceptable uses of regional state DAP funds and standard terminology that all CSBs and regions shall use for collecting and reporting data about individuals, services, funds, expenditures, and costs.
2. The CSB shall comply with the current Discharge Assistance Program Manual issued by the Department, which is incorporated into and made a part of this contract by reference. If there are conflicts or inconsistencies between the Manual and this contract, applicable provisions of the contract shall control.
3. All regional state DAP funds allocated within the region shall be managed by the regional management group (RMG) and the regional utilization management and consultation team (RUMCT) on which the CSB participates in accordance with Appendices E and F of Core Services Taxonomy 7.2.
4. The CSB, through the RMG and RUMCT on which it participates, shall ensure that other funds such as Medicaid payments are used to offset the costs of approved IDAPPs to the greatest extent possible so that regional state DAP funds can be used to implement additional IDAPPs to reduce EBLs.
5. On behalf of the CSBs in the region, the regional manager funded by the Department and employed by a participating CSB shall submit mid-year and end of the fiscal year reports to the Department in a format developed by the Department in consultation with regional managers that separately displays the total actual year-to-date expenditures of regional state DAP funds for ongoing IDAPPs and for one-time IDAPPs and the amounts of obligated but unspent regional state DAP funds.
6. The CSB and state hospital representatives on the RMG on which the CSB participates shall have authority to reallocate regional state DAP funds among CSBs from CSBs that cannot use them in a reasonable time to CSBs that need additional regional state DAP funds to implement more IDAPPs to reduce EBLs.
7. If CSBs in the region cannot expend at least 90 percent and obligate at least 95 percent of the total annual regional state DAP fund allocations on a regional basis by the end of the fiscal year, the Department may work with the RMG and participating CSBs to transfer regional state DAP funds to other regions to reduce EBLs to the greatest extent possible, unless the CSBs through the regional manager provide acceptable explanations for greater amounts of unexpended or unobligated regional state DAP funds.
8. On behalf of the CSBs in a region, the regional manager shall continue submitting the quarterly summary of IDAPPs to the Department in a format developed by the Department in consultation with regional managers that displays year-to-date information about ongoing and one-time IDAPPs, including data about each individual receiving DAP services, the amounts of regional state DAP funds approved for each IDAPP, the total number of IDAPPs that have been implemented, and the projected total net regional state DAP funds obligated for these IDAPPs.
9. The Department, pursuant to sections 6.f and 7.g of this contract, may conduct utilization reviews of the CSB or region at any time to confirm the effective utilization of regional state DAP funds and the implementation of all approved ongoing and one-time IDAPPs.

- 05-09-14:** The Department distributes the FY 2015 and FY 2016 Performance Contract by this date electronically. An Exhibit D may list performance measures that have been negotiated with a CSB to be included in the contract. The Department's Office of Information Services and Technology (OIST) distributes the FY 2015 and FY 2016 Community Services Performance Contract package software in the Community Automated Reporting System (CARS) to CSBs.
- 06-27-14:** CSB Financial Analysts in the Department's Office of Fiscal and Grants Management (OFGM) prepare electronic data interchange (EDI) transfers for the first two semi-monthly payments (July) of state and federal funds for all CSBs and send the transfers to the Department of Accounts.
- 06-30-14:** The Department distributes the FY 2015 Letters of Notification to CSBs by this date electronically with enclosures that show tentative allocations of state and federal block grant funds.
- 07-11-14:** The OIST distributes FY 2014 end of the fiscal year performance contract report software in CARS.

- 08-01-14:** Exhibits A and H and other parts of the FY 2015 and FY 2016 Community Services Performance Contract, submitted electronically in CARS, are due in the OIST by this date. Tables 1 and 2 of the Performance Contract Supplement (also in CARS) shall be submitted with the contract. While a paper copy of the entire contract is not submitted, paper copies of the following completed pages with signatures where required are due in the Office of Community Contracting (OCC) by this date: the signature pages of the contract body and Exhibit B, Exhibit D if applicable, Exhibit F (two pages), and Exhibit G. If it enters into a joint agreement pursuant to § 37.2-512 or § 37.2-615 of the Code of Virginia, the CSB shall attach a copy of the agreement to the contract as Exhibit K.
- Contracts shall conform to Letter of Notification allocations of state and federal funds or amounts subsequently revised by or negotiated with the OCC and confirmed in writing and shall contain actual appropriated amounts of local matching funds. If the CSB cannot include the minimum 10 percent local matching funds in the contract, it shall submit a written request for a waiver of the matching funds requirement, pursuant to § 37.2-509 of the Code of Virginia and State Board Policy 4010, to the OCC with its contract. This requirement also applies to end of the fiscal year performance contract reports if the reports reflect less than the minimum 10 percent local matching funds.
- 08-15-14:** CSB Financial Analysts prepare EDI transfers for payments 5 and 6 (September) of state and federal funds for CSBs whose contracts were received and determined to be complete by this date and, after the OCC Administrator authorizes their release, send the transfers to the Department of Accounts. Payments shall not be released without complete contracts, as defined in Exhibit E and item 1 of Exhibit I. For a CSB whose contract is received after this date, EDI transfers for these two semi-monthly payments will be processed if the contract is complete and funds will be disbursed with the next scheduled payment.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

08-22-14: Department staff complete reviews by this date of contracts received by the due date that are complete and acceptable. Contracts received after the due date shall be processed in the order in which they are received.

1. The OFGM analyzes the revenue information in the contract for conformity to Letter of Notification allocations and advises the CSB to revise and resubmit financial forms in Exhibit A of its contract if necessary.
2. The Offices of Mental Health, Child and Family, Developmental, and Substance Abuse Services review and approve new service proposals and consider program issues related to existing services based on Exhibit A.
3. The OCC assesses contract completeness, examines maintenance of local matching funds, integrates new service information, makes corrections and changes on the service forms in Exhibit A, negotiates changes in Exhibit A, and finalizes the contract for signature by the Commissioner. The OCC Administrator notifies the CSB when its contract is not complete or has not been approved and advises the CSB to revise and resubmit its contract.
4. The OIST receives CARS and CCS submissions from CSBs, maintains the community services database, and processes signed contracts into that database as they are received from the OCC.

08-22-14: CSBs submit their complete CCS reports for total (annual) FY 2014 CCS service unit data to the OIST in time to be received by this date. This later date for final CCS service unit data allows for the inclusion of all units of services delivered in that fiscal year that might not be in local information systems in July.

08-29-14: CSBs submit their CCS monthly consumer, type of care, and service extract files for July to the OITS in time to be received by this date.

08-29-14: CSBs send complete FY 2014 end of the fiscal year performance contract reports electronically in CARS to the OIST in time to be received by this date.

OIST staff places the reports in a temporary data base for OCC and OFGM staff to access them. The OCC Administrator reviews services sections of the reports for correctness, completeness, consistency, and acceptability; resolves discrepancies with CSBs; and communicates necessary changes to CSBs. OFGM CSB Financial Analysts review financial portions of reports for arithmetic accuracy, completeness, consistency, and conformity with state funding actions; resolve discrepancies with CSBs; and communicate necessary changes to CSBs.

Once they complete their reviews of a CSB's reports, the OCC Administrator and OFGM CSB Financial Analysts notify the CSB to submit new reports reflecting only those approved changes to OIST. CSBs submit these new reports to correct errors or inaccuracies no later than **09-15-2014**. The Department will not accept CARS report corrections after this date. Upon receipt, the process described above is repeated to ensure the new reports contain only those changes identified by OFGM and OCC staff. If the reviews document this, OCC and OFGM staffs approve the reports, and OIST staff processes final report data into the Department's community services database.

Late report submission or submitting a report without correcting errors identified by the CARS error checking program may result in the imposition by the Department of a one-time, one percent reduction not to exceed \$15,000 of state funds apportioned for CSB administrative expenses. See Exhibit I for additional information.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

Payments 7 and 8 shall not be released without a contract signed by the Commissioner and receipt of those CCS extract files, complete CARS reports as defined in item 2.a. of Exhibit I, and Exhibit B Reports.

After the Commissioner signs it, the OCC sends a copy of the approved contract Exhibit A to the CSB, with the signature page containing only the Commissioner's signature. The CSB shall review this contract, which reflects all of the changes negotiated by Department staff; complete the signature page, which documents its acceptance of these changes; and return the completed signature page to the OCC Administrator.

Also, to satisfy federal block grant sub-recipient monitoring requirements imposed on the Department under the Single Audit Act, a CSB that is a local government department or is included in its local government audit shall contract with the same CPA audit firm that audits its locality to perform testing related to the federal Mental Health Services and Substance Abuse Prevention and Treatment Block Grants. Alternately, the local government's internal audit department can work with the CSB and the Department to provide the necessary sub-recipient monitoring information.

If the CSB receives an audit identifying material deficiencies or containing a disclaimer or prepares the plan of correction referenced in the preceding paragraph, the CSB and the Department shall negotiate an Exhibit D that addresses the deficiencies or disclaimer and includes a proposed plan with specific timeframes to address them, and this Exhibit D and the proposed plan shall become part of this contract.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

Exhibit I: Administrative Performance Standards

The CSB shall meet these administrative performance standards in submitting its performance contract, contract revisions, quarterly performance contract reports in the Community Automated Reporting System (CARS), and monthly Community Consumer Submission (CCS) extracts to the Department.

1. The performance contract and any revisions submitted by the CSB shall be:
 - a. complete, that is all required information is displayed in the correct places and all required Exhibits, including applicable signature pages, are included;
 - b. consistent with Letter of Notification allocations or figures subsequently revised by or negotiated with the Department;
 - c. prepared in accordance with instructions in the Department-provided CARS software and any subsequent instructional memoranda; and
 - d. received by the due dates listed in Exhibit E of this contract.

If these performance contract standards are not met, the Department may delay future semi-monthly payments until satisfactory performance is achieved.

2. Quarterly performance contract reports submitted by the CSB shall be:
 - a. complete, that is all required information is displayed in the correct places, all required data are included in the electronic CARS application reports, and any required paper forms that gather information not included in CARS are submitted;
 - b. consistent with the state and federal block grant funds allocations in the Letter of Notification or figures subsequently revised by or negotiated with the Department;
 - c. prepared in accordance with instructions;
 - d. (i) internally consistent and arithmetically accurate: all related expense, resource, and cost data are consistent, congruent, and correct within a report, and (ii) submitted only after errors identified by the CARS error checking programs are corrected; and
 - e. received by the due dates listed in Exhibit E of this contract.

If the CSB does not meet these standards for its quarterly CARS reports, the Department may delay future semi-monthly payments until satisfactory performance is achieved. The Department may impose one-time reductions of state funds apportioned for CSB administrative expenses¹ on a CSB for its failure to meet the following standards in its end of the fiscal year (4th quarter) CARS report:

- a one percent reduction not to exceed \$15,000 for failure to comply with standard 2.d; and
 - a one percent reduction not to exceed \$15,000 for failure to comply with standard 2.e, unless an extension has been obtained from the Department through the process on the next page.
3. Monthly consumer, type of care, and service extract files shall be submitted by the end of the month following the month of the extract in accordance with the CCS Extract and Design Specifications, including the current Business Rules. The submissions shall satisfy the requirements in section II Data Quality Feedback of Exhibit B and the Data Quality Performance Expectation Affirmations in Appendix E of the CSB Administrative Requirements. If the CSB fails to meet the extract submission requirements in Exhibit E of this

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

contract, the Department may delay semi-monthly payments until satisfactory performance is achieved.

4. If the Department negotiates an Exhibit D with a CSB because of unacceptable data quality, and the CSB fails to satisfy the requirements in Exhibit D by the end of the contract term, the Department may impose a one-time one percent reduction not to exceed a total of \$15,000 of state funds apportioned for CSB administrative expenses¹ on the CSB.
5. Substance abuse prevention units of service data shall be submitted to the Department through the KIT Prevention System or any subsequent system contracted by the Department.

¹ The Department will calculate state funds apportioned for CSB administrative expenses by multiplying the total state funds allocated to the CSB by the CSB's administrative percentage displayed on page AF-1 of the contract.

The CSB shall not allocate or transfer a one-time reduction of state funds to direct service or program costs.

Process for Obtaining an Extension of the End of the Fiscal Year CARS Report Due Date

The Department will grant an extension only in very exceptional situations such as a catastrophic information system failure, a key staff person's unanticipated illness or accident, or a local emergency or disaster situation that makes it impossible to meet the due date.

1. It is the responsibility of the CSB to obtain and confirm the Department's approval of an extension of the due date within the time frames specified below. Failure of the CSB to fulfill this responsibility constitutes prima facie acceptance by the CSB of any resulting one-time reduction in state funds.
2. As soon as CSB staff becomes aware that it cannot submit the end of the year CARS report in time to be received in the Department by 5:00 p.m. on the due date, the executive director must inform the Office of Community Contracting Director or Community Contracting Administrator that it is requesting an extension of this due date. This request should be submitted as soon as possible and it shall be in writing, describe completely the reason(s) and need for the extension, and state the date on which the report will be received by the Department.
3. The written request for an extension must be received in the Office of Community Contracting no later than 5:00 p.m. on the fourth business day before the due date. A facsimile transmission of the request to the Community Contracting Office fax number (804-371-0092), received by that time and date, is acceptable if receipt of the transmission is confirmed with a return facsimile memo from the Office no later than 5:00 p.m. on the third business day before the due date. Telephone extension requests are not acceptable and will not be processed.
4. The Office of Community Contracting will act on all requests for due date extensions that are received in accordance with this process and will notify the requesting CSBs by facsimile transmission of the status of their requests by 5:00 p.m. on the second business day before the due date.

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

the position. The CSB or BHA board of directors shall invite OCC staff to meet with it to review the board's responsibilities and to review and comment on the board's screening criteria for applicants and its interview and selection procedures before the process begins.

Prior to employing a new executive director or CEO, the CSB or BHA shall provide a copy of the application and resume of the successful applicant and the proposed salary to the OCC for review and approval for adherence to minimum qualifications and the salary range established by the Department pursuant to § 37.2-504 or § 37.2-605. If the CSB or BHA proposes employing the executive director or CEO above the middle of the salary range, the successful applicant shall meet the preferred qualifications in addition to the minimum qualifications. This review does not include Department approval of the selection or employment of a particular candidate for the position. Section 37.2-504 or § 37.2-605 of the Code of Virginia requires the CSB or BHA to employ its executive director or CEO under an annually renewable contract that contains performance objectives and evaluation criteria. The CSB or BHA shall provide a copy of this employment contract to the OCC for review and approval prior to employment of the new executive director or CEO or before the contract is executed.

2. When an administrative policy CSB executive director position becomes vacant, the CSB shall involve staff in the Department's OCC in its recruitment and selection process in order to implement applicable provisions of § 37.2-504 or § 37.2-605 of the Code of Virginia. The CSB shall provide a current position description and the advertisement for the position to the OCC for review prior to the position being advertised pursuant to § 37.2-504 of the Code of Virginia. Prior to employing the new executive director, the CSB shall provide a copy of the application and resume of the successful applicant to the OCC for review and approval for adherence to minimum qualifications established by the Department pursuant to § 37.2-504. If the CSB proposes employing the executive director above the middle of the salary range, the successful applicant shall meet the preferred qualifications in addition to the minimum qualifications. This review does not include Department approval of the selection or employment of a particular candidate for the position. While § 37.2-504 of the Code of Virginia does not require an administrative policy CSB to employ its executive director under an annually renewable contract that contains performance objectives and evaluation criteria, the CSB should follow this accepted human resource management practice.

II. Compliance with Federal Requirements

- A. General Federal Compliance Requirements:** The CSB shall comply with all applicable federal statutes, regulations, policies, and other requirements, including applicable provisions of the federal Mental Health Services Block Grant (CFDA 93.958) and the federal Substance Abuse Prevention and Treatment Block Grant (CFDA 93.959) Requirements contained in Appendix C of the CSB Administrative Requirements and:

Section 4 requires the CSB to comply with Department directives coordinating disaster planning, preparedness, and response to emergencies and to develop procedures for responding to major disasters. These procedures shall address:

1. conducting preparedness training activities;
2. designating staff to provide counseling;
3. coordinating with state facilities and local health departments or other responsible local agencies, departments, or units in preparing CSB all hazards disaster plans;
4. providing crisis counseling and support to local agencies, including volunteer agencies;

3. The CSB shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, or cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite

FY 2015 and FY 2016 Community Services Performance Contract Revision No. 1

for making or entering into this transaction imposed by section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 or more than \$100,000 for each failure.

III. Compliance with State and Federal Requirements

A. Employment Anti-Discrimination: The CSB shall conform to the applicable provisions of Title VII of the Civil Rights Act of 1964 as amended, the Equal Pay Act of 1963, Sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans Readjustment Act of 1974, the Age Discrimination in Employment Act of 1967, the Americans With Disabilities Act of 1990, the Virginians With Disabilities Act, the Virginia Fair Employment Contracting Act, the Civil Rights Act of 1991, regulations issued by Federal Granting Agencies, and other applicable statutes and regulations, including § 2.2-4310 of the Code of Virginia. The CSB agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
2. The CSB, in all solicitations or advertisements for employees placed by or on behalf of the CSB, will state that it is an equal opportunity employer.
3. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting these requirements.

2. The CSB and its direct and contractual services will include these assurances in their services policies and practices and will post suitable notices of these assurances at each of their facilities in areas accessible to individuals receiving services.
3. The CSB will periodically review its operating procedures and practices to insure continued conformance with applicable statutes, regulations, and orders related to non-discrimination in service delivery.
