Mary Irvin, RN, BSN is currently the Registered Nurse Community Integration Consultant with the Office of Integrated Health at the Department of Behavioral Health and Developmental Services and the Nurse Manager and I/DD Specialist for the Preadmission Screening & Resident Review (PASRR) division. Her main responsibilities are to assess the data regarding individuals with IDD placed in Nursing Facilities and large Intermediate Care Facilities and work towards moving individuals with community support out of institutionalized settings. Since 2014, she has been able to stop unnecessary admissions to Nursing Facilities by improving the process and educating community health providers about available community options diverting individuals from long-term institutionalized placement. Additionally, she works to create measurable related goals to assess outcomes.

Mary graduated from the Southside Regional Medical Center School of Nursing where she received the Roberta Cox Grossman award for clinical and academic excellence. She holds certifications critical care and Advanced Cardiac Life Support. She has extensive experience acute critical care, medical cardiology, and medical research. She completed Bachelor's in Nursing (2016). Throughout her career she has also received awards and recognized as Progressive Care Nurse of the Year for the greater Richmond Area in 2007. She is also a full-time mom, cheerleading coach and sits on the Board for the School of Nursing at Southside Regional Medical Center.
