Children's Crisis Services Update

A statewide system that addresses the crisis needs of children with intellectual and developmental disabilities will exist.

Regional Programs:

- Region II: Fairfax Falls Church subcontracted to National Counseling Group
- Region I-: Region 10 CSB- Gail Paysour/Barbara Shue
- Region III: New River Valley CSB –Denise Hall
- Region IV: RBHA- Cristi McClanahan
- Region V: Western Tidewater CSB

Current Status/Next Steps

- 4 of the 5 regional programs have hired a Program Developer/Navigator
- Each region has developed a point of contact into the children's crisis service system and are working to ensure the information is widely publicized and operates from a "no wrong door" policy.
- Assessing each region's access to mobile services and working with regions to increase capacity, as needed. Two programs are currently providing mobile crisis services across their regions, one is providing some mobile crisis response and a 4th is scheduled to begin services in Jan.

Children's Crisis Services

- Monitoring appropriate crisis stabilization out of home placement availability for children throughout the state. Currently, each region states there are sufficient resources for short-term care that focuses on reintegration back into the home.
- The state is working with each of the 5 regions regarding resources available through each of the CSBs/Regions and compiling a statewide resource manual around services available for children.
