The Department of Behavioral Health and Developmental Services' (DBHDS) Division of Developmental Services invites you to attend an in-person training to learn more about how to help people with a developmental disability access their own home in the community (we refer to this as independent housing).

The regional trainings are targeted to Support Coordinators and Case Managers who are helping individuals identify their independent housing goals and coordinating the needed resources to meet those goals.

The purpose of this training is to provide more detailed information related to:

- 1) Core concepts of integrated, independent housing;
- 2) Housing and relevant disability laws;
- 3) The role of the support coordinator/case manager in supporting individuals who want to live in their own homes;
- 4) Housing assessment and person-centered planning;
- 5) A general summary of affordable housing programs and resources; and
- 6) The referral process and forms.

This training curriculum provides a broad framework for support coordinators as they begin or continue the process to assist individuals with DD in gaining access to integrated, independent housing with appropriate supports.

**Please RSVP at least 5 business days prior to training date at: <https://www.surveymonkey.com/r/5WPOQSYK>**

***To get the most from the training, we strongly encourage you to complete the Independent Housing Curriculum Modules 1-3 on the Knowledge Center. Instructions to access Modules 1-3 are on page 2 of this document.***
