

Comments: Draft List of Workgroup's Factors
Tammy Burns

- 1) This factor should remain the same.
- 2) This factor should remain the same.
- 3) Remove "including when transferring from one Training Center to another." This language is unnecessary. The Training Center population is implied in this scope of work, as are individuals with IDD receiving services or waiting to receive services in Virginia.
- 4) This factor should remain the same.
- 5) Revise factor five to include language clarifying that cost savings will be put back into the IDD service system.
- 6) This factor should state "Care is provided in the most integrated setting and is within reasonable geographic proximity that is neutral on the impact to individuals and families."
- 7) This factor should remain the same.
