

# DO YOU HAVE OPIOIDS IN YOUR HOUSE? CREATE A SAFETY PLAN.

(Keep this somewhere where others can see like your refrigerator.)

1

## KEEP NALOXONE "NARCAN"

Naloxone in our house is (list location) \_\_\_\_\_  
\_\_\_\_\_. Keep your naloxone with your REVIVE! kit which contains an instruction card on what to do during an overdose, gloves, CPR face shield, and time of naloxone dose stickers.

2

## PREPARE YOUR FAMILY AND FRIENDS

Teach others the risks of an overdose and what it looks like. Make sure they know where your REVIVE! kit and Naloxone are located.

3

## REMEMBER TO BE SAFE WHEN USING OPIOIDS

Before taking other medications speak with your healthcare provider. Don't drink alcohol when taking opioids. Take medications only as they are prescribed.

4

## CALL 911 AFTER AN EMERGENCY

Virginia's **Good Samaritan Law** and **Safe Reporting of Overdoses Law** offer protections to people involved in overdoses or giving naloxone in an emergency.
