

# NEW HOME AND COMMUNITY POSITIVE BEHAVIOR SUPPORT NETWORK WEBINAR

## THE FAMILY ECOLOGY ASSESSMENT: ENHANCING FAMILY CENTERED SERVICE DELIVERY IN PBS WITH FAMILIES

The webinar will introduce the Family Ecology Assessment, a supplemental interview with family members during a process of functional assessment and positive behavior support development that is designed to contribute to several important outcomes. Through instruction, illustration and exercises, participants will learn how to conduct the Family Ecology Assessment in a manner that is associated with these outcomes during a process of family centered positive behavior support
