

April – June, 2019

### Who is included in the Settlement Agreement Population?<sup>1</sup>

The Settlement Agreement target population for housing includes Virginians with developmental disabilities at least 18 years of age or older who are in one of the following categories:

- Living in a training center, intermediate care facility, skilled nursing facility and eligible for one of the Medicaid DD Waivers
- Receiving Medicaid DD Waiver services
- On a waitlist for Medicaid DD Waiver services

If this sounds like you and you are interested in learning about housing opportunities in the community, please join us for an information session!

<sup>1</sup>The Commonwealth of Virginia entered into an agreement with the U.S. Department of Justice to create housing options for eligible individuals with DD in the community.

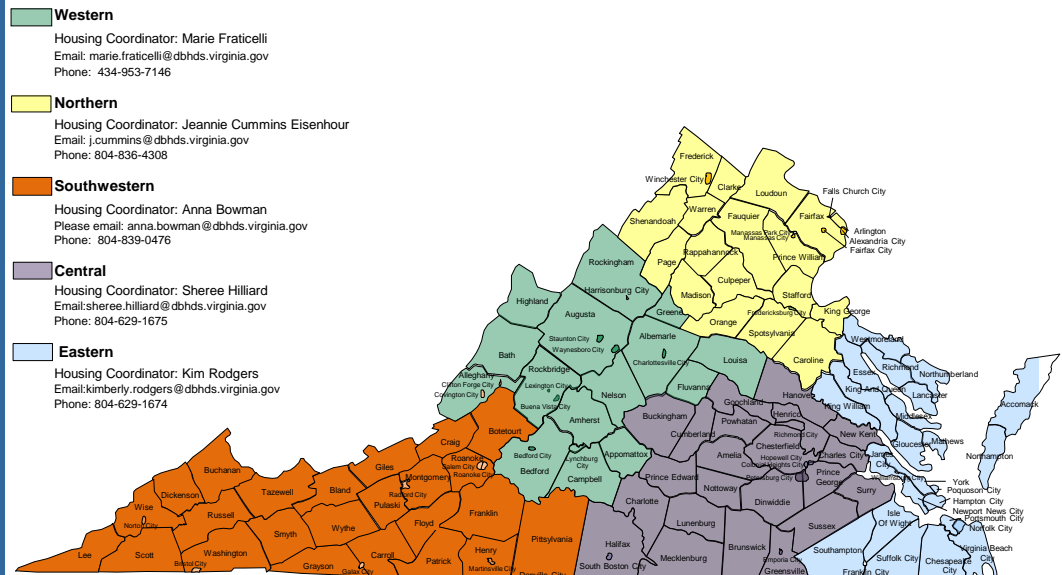

The Department of Behavioral Health and Developmental Services' (DBHDS) Division of Developmental Services invites you to attend an information session to learn more about resources available to help people in the Settlement Agreement population<sup>1</sup> access their own homes in the community with appropriate supports.

Did you know over 900 people in the target population receive different types of housing assistance and use supports from Medicaid Waiver, other community resources and natural supports to live in their own home in the community? You can too! Please join us at one of the following information sessions listed on the next page to find out how to open the doors to integrated, independent housing for you or someone you know.

**Please note: additional information sessions are currently being scheduled to provide more options for dates, times and locations.**
