Re: Visitation

Dear Family Members, Friends and Authorized Representatives:

This past year has been incredibly difficult, especially the restriction of visitation at state psychiatric hospitals in Virginia. I am thrilled to let you know that the Department of Behavioral Health and Developmental Services issued revised guidance that permits Central State Hospital to begin limited visitation with COVID-19 precautions in place. Please see the attached revised visitation brochure for how to schedule a visitation with your loved one, as well as the COVID-19 precaution requirements in place at the time of your visit.

If you have any questions, or to schedule an appointment, please reach out to the patient's social worker.

Sincerely,

Brandi P. Justice, Psy.D.
Facility Director/CEO
