Item 295 K of the 2024 Special Session I Appropriations Act requires the Department of Behavioral Health and Developmental Services (DBHDS) in collaboration with the Department of Medical Assistance Services (DMAS) to report on Developmental Disabilities (DD) waivers' services' expenditures and recipient numbers in FY 2024. Specifically, the language reads:

K. The Department of Behavioral Health and Developmental Services in collaboration with the Department of Medical Assistance Services shall provide a detailed report for each fiscal year on the budget, expenditures and number of recipients for each specific intellectual disability (ID) and developmental disability (DD) service provided through the Medicaid program or other programs in the Department of Behavioral Health and Developmental Services. This report shall also include the overall budget and expenditures for the ID, DD and Day Support waivers separately. The Department of Medical Assistance Services shall provide the necessary information to the Department of Behavioral Health and Developmental Services within 90 days of the end of each fiscal year. This information shall be published on the Department of Behavioral Health and Developmental Services' website by December 1 of each year.

The following table lists all services included in the Developmental Disabilities (DD) waivers along with the expenditures for each service by type of waiver. It also includes the total expenditures per service for all three waivers and the total number of individuals for whom a claim was paid for each service. The total number of unique recipients includes individuals who are receiving more than one waiver service and is distinct from and greater than the total number of individuals occupying a DD waiver slot. These figures are for FY 2024.
