Important Highlights!

REVIVE! OPIOID OVERDOSE AWARENESS MODULES

We're excited to launch the REVIVE! Opioid Overdose Awareness Modules! These online educational resources are designed to broaden access to life-saving training and empower individuals to take action during an opioid overdose emergency.

Designed to Expand Access:

These modules provide an introduction to REVIVE! training, enabling broader outreach. They're perfect for organizations or individuals needing foundational knowledge.

NEW MODULES

- REVIVE! 101
- REVIVE! Adolescent Opioid Awareness Education
- REVIVE! for Healthcare Workers and Community Partners

REVIVE! 101

REVIVE! 101 encompasses essential training on recognizing and responding to opioid overdoses. Those participating will learn about the dangers of fentanyl, how to administer naloxone effectively, and the legal protections for those assisting in emergencies.

Why It Matters:

These videos equip stakeholders with the knowledge to take life-saving action in your community. Perfect for individuals or organizations that can't attend scheduled trainings.

Participants can complete the training **on their own time.**

REVIVE! ADOLESCENT OPIOID AWARENESS EDUCATION

Designed for teens and young adults, this module uses real-life scenarios to educate on opioid risks, the dangers of fentanyl, making safe decisions, and using naloxone to reverse overdoses.

Why It Matters: This video empowers young people to make informed decisions and support peers in times of need.

REVIVE! FOR HEALTHCARE WORKERS AND COMMUNITY PARTNERS

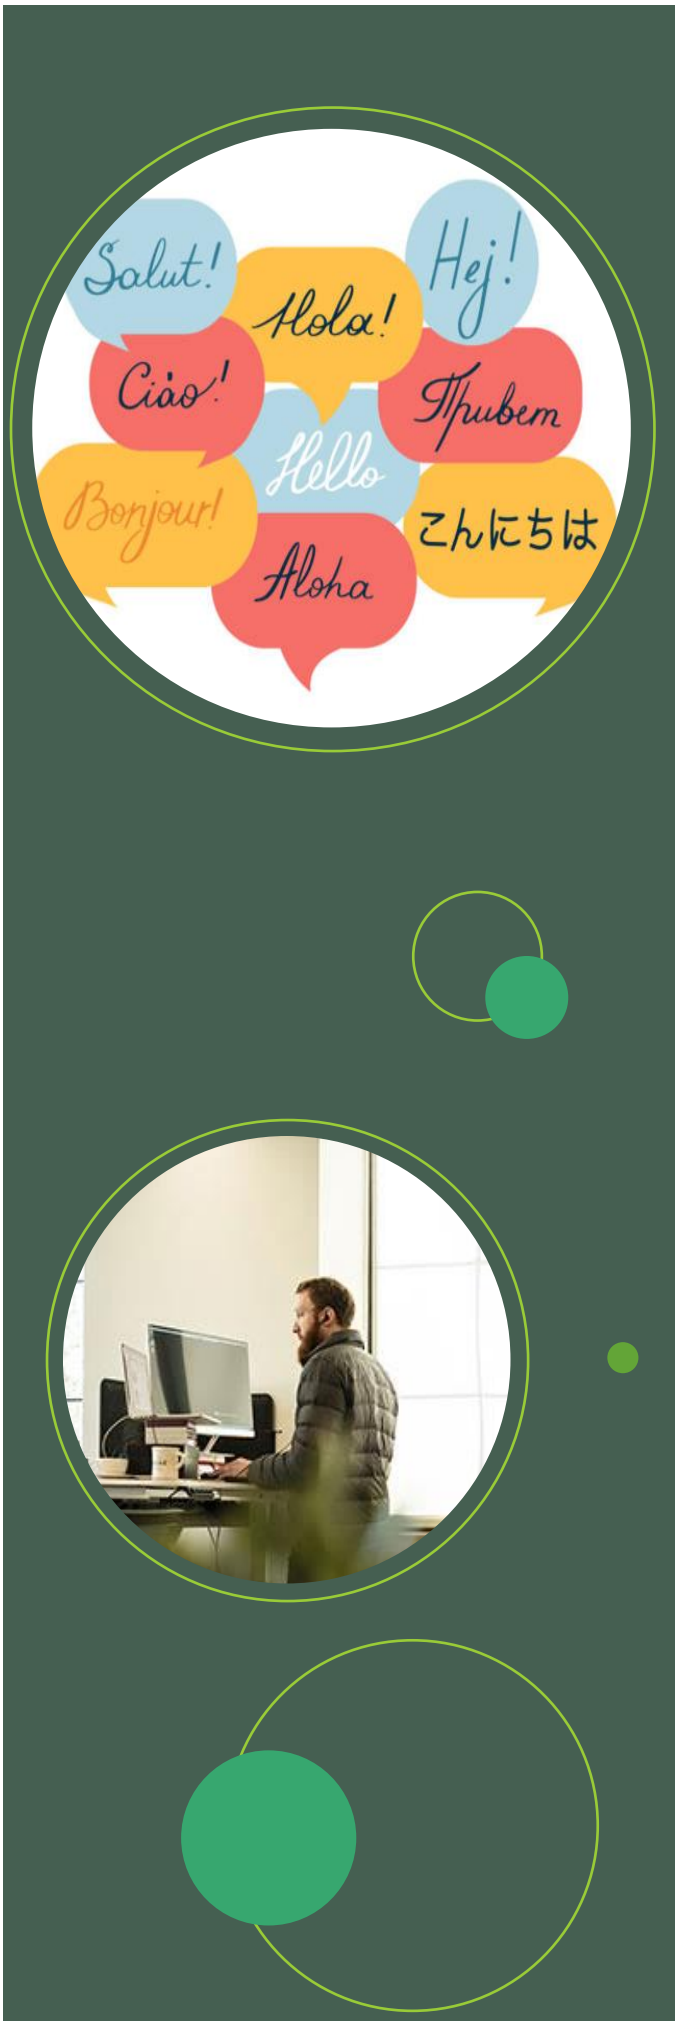

Tailored for healthcare professionals and organizations that dispense naloxone, this module covers opioid risks, naloxone administration, and Virginia's legal requirements for naloxone dispensing.

Why It Matters: This video ensures staff and community partners are prepared to save lives and meet state guidelines.

“Memories of our lives, of our works and our deeds will continue in others.”

- Rosa parks

IMPORTANT HIGHLIGHTS

Interactive Quizzes:

Interactive quizzes are available for the REVIVE! 101 and Healthcare Workers modules.

Score 80% or higher to receive a Certificate of Completion.

Multilingual Accessibility:

Closed captions available in Spanish, Korean, and Arabic.

Designed to Expand Access:

These modules provide an introduction to REVIVE! training, enabling broader outreach. They're perfect for organizations or individuals needing foundational knowledge, with opportunities to connect with in-person trainers for deeper learning.

A TOOL FOR TRAINERS

The REVIVE! modules are an additional resource for trainers to share with others. Here's what you need to know:

Not a Replacement for In-Person Training: These modules are brief snippets of the full REVIVE! presentation, designed to complement—not replace—in-person training. Keep your in-person, live virtual trainings as is.

Flexibility for Participants: Ideal for individuals or organizations that need staff certified but can't gather as a group. Participants can complete the training on their own time.

No Extra Work for Trainers:

Trainers don't need to track or report anything—we handle all the data collection and reporting on our end.

Simply share the resource with those who need it and let them know it's available.

This is just one more way we're working to expand access and meet the needs of the community.
