What we'll explore

Practical, real-world topics for adults ages 20–40 with lifelong disabilities:

- Employment pathways and financial planning
- Building meaningful social connection

Who should attend

Caregivers · People with Disabilities · Providers across Virginia

Why this matters

Too often, adults with lifelong disabilities fall into a "missing middle"—
no longer served by youth systems, but not fully supported in adulthood.
This series brings together perspectives from across the Virginia to:

- Share knowledge and real-life options
- Take a lifespan approach to support and independence

Session highlights (more details to come)

- Supported Decision-Making ~ May 6
- All Needs Planning ~ May 13
- Housing & Independent Living (Centers for Independent Living)
- Panel: Building Social Connection
